Licensing procedure

You need a license key in order to install the pattern software M1 version **3.5** or higher.
You can get this licence key upon request.

	I. Order the licence key at Stoll:

1.   Start the **CollectHardwareInfo.exe** program.

     You will find it in the **util** directory on the **M1 Software CD**.

2.   Enter name and addresse and confirm with the **Save Info** button.

     The **M1_LicInfo_**.... file will be generated on the **C:** drive.

3.   Send this file as e-mail attachement to m1license@stoll.com.

	Send the original XML-file only. Do not rename or compress the file. Send the file to **m1license@stoll.com** only.

	You will get the necessary M1 license key by e-mail or on a data carrier from your Stoll agency.

	II. Enter the license key during installation:

With the license key, you will get back the **M1_LicInfo_**.... file containing the license key.

1.   Print out and save the **M1_LicInfo_**.... file.

     The license key will be valid for further versions.

2.   Start the M1 installation.

3.   Enter the **M1 License Key** on request.

     Copy & Paste from an E-Mail is possible.

4.   Continue and finish installation.
